

Transportation and Planning Committee Members

Councilmen:

I wish to make it know that I am in favor of Bill 4. The time has come to ban the usage of all handheld (electronic) devices by anyone operating a vehicle on the roadways of Oahu. The issue of safety is a grave concern to all of us. The Honolulu Police Department and the City Prosecutor have both said that only a total ban on handheld devices is enforceable.

I ask that you pass this Bill out of your committee and on to the Council for passage.

Mahalo,
